DOSSEY BATTLE, - - Editor. TARBORO', N. C.

Constitutional Amendments. We will continue publishing the

ordinances passed by the conven tion, until all are laid before our readers. They will confer a favor on us by preserving them as we'll comment on them in due season. We make no apology for filling up our space, as we can give nothing

Too Late, My Love, Too Late. Our readers, who do not see the paper, will doubtless be astounded to learn that the last issue of The Era, contains several columns of affidavits, names &c., to prove that Mr. Hassell was not elected in

Why was this not done before the Convention adjourned? What is the use of locking the stable after the horse is gone?

We smell decomposed anima matter in the State of Denmark.

This is the first intimation the public have had, that Elder C. B. Hassel did not lawfully represent the people of Martin county, as a delegate in the Constitutional Con-

If this gentleman had done noth. ing else, the severe castigation administered to Tourgee has immortalized him. Tourgee sacriligeously dubbed Christ a carpet-bagger. whereupon Mr. Hassell so beaucifully peeled off the carpet-bag cuticle, that we called him the Great Tourgee Skinner. This has grown into general use with our exchanchanges. And yet we are told the election was a fraud. This statement lacks density. The sans culottes would call it "too thin."

Then what the purpose of this publication? It is to delude the republican voters into the belief that they were victorious. Alas. "Not in the legions of horrid hell can come, A devil more damned in evil to top Mcbeth!"

Bolting.

In Petersburg this seems to be spelled Bolling.

To an outsider it appears mysterious how such a man as Col. Bolling can lead the opposition to the regular

His reputation heretofore as a gallant Conservative has never been impeached.

Is it ambition that impels him? In North Carolina radicals seldom bolt a nomination.

This renders it necessary to keep our own ranks well closed up. direct aid to the enemy.

We regret to see the names of good men numbered among the friends of practice, have proved their superior reme-Col. Bolling, and we devoutly hope to dial virtues in the cure of the diseases for see them align themselves on the side | practicing to of the regular nominees, he fore it is dies, which because he

that the Enquirer will remain a staunch Con revative journal while card another preparation simply because it under their charge.

The Enquirer has ever been one of the ablest papers in the South.

The reputation of these genrlemen afford sufficient guarantee of its renewed and increased brilliancy.

As correspondent of the New York Tribune, his articles were read with copies of which have already been published

We bespeak for the Enquirer a career, than which there is none brighter, and its future course must necessarily be onward and upward.

in Three Hours.

A number of persons yesterday visited the intersection of Bounda. ry and Madison avenues to see Professor Schroedar's steerable air ship, with which he proposes to visit different portions of the United States and the Old World, he explained to all the various sections and workings of the machine. Tre ladies seemed to be particularly interested, and told the Professor "they would love so to take a trip beyond the clouds in his air ship." II. said to them that he never i . Vise lan, one to make an ascention Williamson's.

A number of applications have been received to take passage in the air ship, and among them the application of Proffessor Wise, the æronaut, who with Prof. Schroeder, is sanguine of the enterprise and a safe voyage across the Atlantic. Schroeder says he has expended ears of study and large sums of money upon the invention and its final completion, and that many scientists, and especially those of Europe, believe that all that is ex-

Friday, : : : Oct. 29, 1875 pected of the ship will be realized. In 1872 Schroeder states that he made an ascension with a smaller machine, similarly constructed, from Brazil.

Yesterday was the first day that an exhibition was given of the ship portion of the balloon, the propellers, &c. It is constructed of wire about three-sixteenths of an inch more important to North Caroli- in diameter, is eighty-five feet in length, nine feet bigh, and eight feet wide. Its lifting capacity will be for ten tons.

> The balloon portion of the air ship, which has not yet been adjusted, will be sixty five feet high, eighty-five feet in circumference. and sixty-five in dismeter. It is constructed of eighteen hundred yards (three cases) of cambric, from which one thousand four hundred and ninety-six repes will depend, and hold the ship. The pushing and pulling propellers to be attached to the bow and stern of the ship are ten feet long and three and a half feet in height. These propellers well be covered with canvass, as also the sides and top of the

and steering apparatus will be completed about the 1st of November, proximo, when Professor Schroeder will undertake daily ascensions ship is to be worked by a crew of eight men and Scroeder says be can readily steer it through the changing currents of the air as well as a mariner does his vessel upon the bave been lately bought for cash),

About the 8th of November he expects to start upon his first trip which will be from Baltimore to New York a distance of two hundred miles, which he thinks he will make in three hours. He has, he says, made seventy-four miles an hour in a balloon. The air ship will be exhibited in New York Washington, and other cities in the Union, and the venture across the Atlantic will not be until the Spring of 1876. The ship was christened a few evenings since at a meeting of Whitlock & Abram the stockholders the "City of Bal-

Common Sense vs. Predjudice. By R. V. PIERCE, M. D., of the World's Dispensary, Buffalo, N. Y., Author of 'The People's Common Sense Medical

I am aware that there is a popular, and ot altogether unfounded, predjudice against "patent medicines," owing to the small amount of merit which many of them pesess. The appellation "Patent Medicine," does Any deficiency in our own party is not apply to my remedies, as no patent has ever been asked for or obtained upon them, nor have they been urged upon the public as "cure alls." They are simply some favorite prescriptions, which, in a very extensive which they are recommended. Every The Index Appeal and News are usually written in a regular unintelligible
